AMIM-RPW-E (1)

MEMORANDUM FOR U.S. Army Aviation Center of Excellence, U.S. Army Garrison
and Tenant Units and Directorates, Fort Rucker, AL 36362

SUBJECT: Fort Rucker Underground Storage Tank Policy

1. The purpose of this memorandum is to formally establish Fort Rucker's policy to prohibit the installation of any new underground storage tanks (USTs) on Fort Rucker.
2. Due to the regulatory requirements for UST installation, operation, and closure, Fort Rucker's policy is not to allow any additional USTs to be put in operation on Fort Rucker. In addition, the regulatory costs associated with permitting and registering USTs, as well as future sustainment, operating, and closure costs put a financial burden on the Federal Government. Reference Title 40, Part 280 Code of Federal Regulations (Technical Standards and Corrective Action Requirements for Owners and Operators of Underground Storage Tanks (UST)), for specific regulatory requirements.
3. This memorandum supersedes GC Policy Memo 23-57, dated 28 June 2023, and will remain in effect until changed or formally rescinded. For additional information or questions, please contact Mr. Samuel Lynon at 334-255-1656.
